**Subject: Proposal to List and Sell Your Products on Tihar Bazaar**

Dear Sir/Madam,

Tihar Bazaar invites your company to partner with us by listing your approved products on our e-commerce website. Our aim is to present your products clearly to customers, support online sales, and create a direct, organized order channel for your company.

## How the partnership will work

1. Your company shares its approved product catalogue, prices, images, descriptions, stock information, and designated order contact.
2. Tihar Bazaar prepares and publishes the approved product listings on its website for customers to view and order.
3. When a customer orders your product, the relevant order details are sent directly to your designated contact for confirmation and processing.
4. Both parties coordinate the order through the agreed process so that the customer receives clear updates and reliable support.

Before any listing goes live, both parties will confirm the operating and commercial terms in writing, including pricing or margin, payment settlement, shipping, returns, warranty support, taxes, and customer-service responsibilities.

**Next step:** Please share your product catalogue and the name, phone number, and email address of the person who will receive and manage orders. We will review the information and prepare the proposed listings for your approval.

We look forward to building a transparent and mutually beneficial sales partnership with your company.

Yours sincerely,

**Authorized Signatory**
Tihar Bazaar
